

Add CODA to Your Android Home Screen

1

Open Chrome

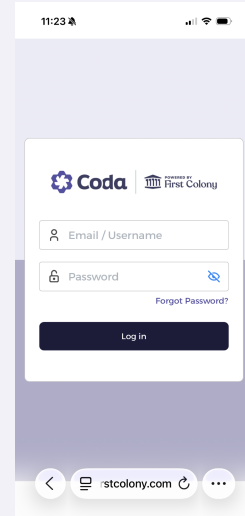

On your Android device, open the Chrome browser.

2

Go to the CODA website

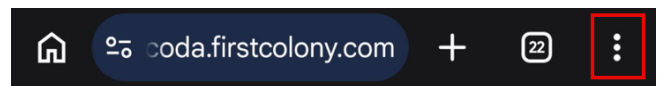

Type coda.firstcolony.com into the address bar and press Go.

3

Open the Chrome menu

Tap the three vertical dots in the upper right corner of the screen

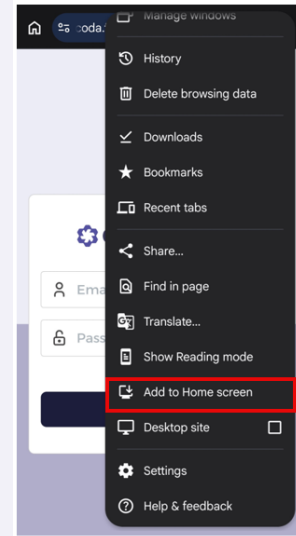

Add CODA to Your Android Home Screen

4

Tap “Add to Home screen”

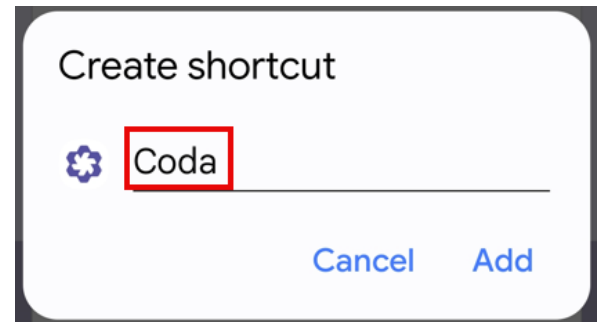

Scroll down the menu and tap Add to Home Screen.

5

Give the icon a title

Name it “Coda”

6

Tap Add

That's it – the CODA icon is now on your Home Screen. Tap it anytime to log in.
